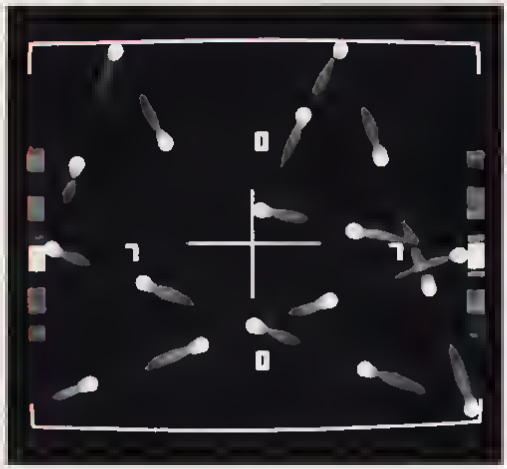
INTRODUCING
WIPE OUT
A NEW DIMENSION IN GAMES OF ELIMINATION
from the makers of **HOCKEY, SOCCER & VOLLY**



Wipeout increeses the excitement and player involvement of coin-operated elimination games. A special "frustration bumper" bounces the ball in random patterns so players don't get bored. It's a new game every time. There's also a unique scoring system—adjustable from 5 to 7 points—displayed at each goal. If the ball gets through a goel, that player loses a point. The game ends when all except one player are down to zero. The results? Plenty of action for the money, and the kind of competitive challenge that keeps people coming back for more.
